Summary

Full-Stack Web Developer with 3+ years of hands-on experience in designing and building scalable, responsive web applications using the MERN stack, FastAPI and Django. I'm skilled in creating high-performance, user-friendly solutions with a focus on clean architecture and efficient coding practices. Proven track record in delivering real-time collaboration tools, e-commerce platforms, and dynamic web applications that enhance user engagement and business operations. I adapt at optimizing performance and ensuring seamless user experiences.

Education

FAST NUCES

Bachelor of Science in Computer Science

2022 – Present

Lahore, Pakistan

Experience

Social Swirl, DK Recruitment

FullStack Developer Intern

June 2024 – August 2024

Lahore, Pakistan

- Built dynamic, mobile-responsive websites aligned with modern UI/UX practices and industry standards.
- Transformed Figma UI/UX designs into fully functional websites, handling both front-end and back-end development.

Internee.pk

MERN Developer Intern

May 2025 – July 2025

Lahore, Pakistan

- Developed and deployed full-stack web applications using React.js, Next.js, Node.js, and MongoDB, reducing page load times by 35% through performance optimizations
- Implemented RESTful APIs with JWT-based authentication, payment gateway integration, and real-time collaboration using Socket.IO.

Top Projects

Social Media Web App (Twitter + Insta) | Django, React, Socket IO

- Created a social media platform inspired by Instagram and Threads, with added machine learning concepts for content personalization and AI chatbot integration.
- Implemented real-time chat, multimedia posting, and personalized accounts.

Skill Seeker | MERN, FastAPI, AI

- Built a full-featured Recruiter Candidate Hiring platform with multiple modules like Resume ATS, Live Interview Analysis, Agentic AI etc with secured architecture.
- It helps recruiters and candidate to find perfect related jobs and clients using ML.

Legal Assistant & Query System | RAG, FastAPI, Nextjs

- Implemented RAG pipeline with ChromaDB and HuggingFace embeddings for intelligent retrieval from Pakistani legal documents.
- Built comprehensive legal guidance system for civilians and lawyers for efficient section and law findings.

Technical Skills

FrontEnd: React.js, Next.js, Framer Motion, Tailwind CSS, Redux, Material-UI (MUI)

BackEnd: MERN (Node.js, Express.js), FastAPI, Django, JWT Auth, WebSockets

Databases: MongoDB, SQL, PostGresSQL, Sanity CMS, MySQLLite

Tools: Git, GitHub, Yarn/npm, Docker(Basic)

Certifications

ACM Programming Competition Certificate

Data Science Certificate
